Dear Sir:

On Sept 25, 2012, Linda Johnson, helped form the Free Energy Party through the FEC by filling out and submitting the Statement of Organization (Form 1). We did not know that Linda was very sick. She actually had pancreatic cancer and no one knew. This caused her to make several mistakes. At the while she was reassuring the rest of us that everything was in order. Attached is an AMMENDED State of Organization Form 1. The changes on the ammended form include my name as the new treasurer with my contact information and our selection on 5D to be a "Party Committee". Thank you so sincerely for helping us in correcting poor Linda's mistakes and for helping update the treasurer position for our party. Last of all, allow me to say for the purpose of the "reports and analyst team" that the Free Energy Party has not yet begun to collect money for a campaign from Sept 25, 2012 to now. There is no money to report "to date" but I will faithfully report all monies when fundraising ensues.

Sincerely Yours,

  
Dionne Yagla
